About CCS

Parents of children attending an approved OSHC service may be eligible for financial assistance with their child care fees through the Australian Government's Child Care Benefit Scheme. Check if you are eligible by visiting the Department of Human Services.

CCS pay this subsidy for up to 42 absences for each child, per financial year. You can use these absence days for any reason, including if the child is overseas. We don't need evidence.

CCS won't pay if your child has not yet attended the service.

CCS won't pay for any days your child hasn't yet physically attended the service for the first time for the current enrolment period.

Example: When the child has not yet attended the service

Lucy's child is starting primary school on Monday 4 February. Lucy enrolls her child in before school care starting the same day. Lucy decides she'll take her child to school on Monday then start using before school care from Tuesday 5 February. The child care service still charges Lucy for Monday even though her child did not physically attend. Lucy has to pay the full fee for that day. Lucy's child physically attends before school care for the first time on Tuesday. This means we'll start paying CCS from Tuesday.
